The University of Camerino as the administrative handler of the and the University of Turin Rectoral Decree repertoire n.174 del 2 luglio 2020

ACTIVATE

the International Two-Year Second level Master in “Aesthetic Medicine and Therapeutics” (class of Rome, in English language, 5^Edition) with the issue of a joint degree

COURSE CERTIFIED ISO9001:2015

GOALS AND OBJECTIVES

Aesthetic (cosmetic) medicine has of late become an important reality in medicine and in society at large. The culture of medicine of wellness, pervasive in industrialized Western society, is not free of risks for consumers with inadequate or superficial information that often leads to “do it yourself” remedies that may be ineffective or even harmful.

In this context, advanced university formation provided by pre-eminent figures in the sector who work on an international or national level, would afford safeguards for consumers and offer the high level of quality that should be the ambition of a public university.

A unique characteristic of the Master, developed to meet the needs of working physicians, is its e-learning format for the theoretical part of the program. The face-to-face and practical parts of the formation will be conducted in a series of intensive internships coordinated in collaboration with the International Radio Medicine Centre in Rome.

PROFESSIONAL PROFILE

The Master provides high level formation of international and namely of European level for professionals who will work in their own studios, multi specialist centres, wellness centres, gyms, spas or hotel complexes with specialized sports and health and beauty facilities, as well as in companies that develop and manufacture products for the sector.

The calendar of lessons and other educational activities for the academic year 2021-2022 will be available at the beginning of that academic year.

TEACHERS OF THE MASTER

The teachers of Master are selected on a comparative basis after completion of a public call.

STRUCTURE OF THE MASTER

The Master is articulated into 20 units, each of which is in turn formed of one or more modules, for a total of 28 modules. A module includes a series of lessons, most of which employ e-learning, and a library in which learners can find carefully selected reference material that would otherwise be difficult to obtain. Each module is followed by an on-line test; once this test has been passed, the student may access the following modules. In addition to modules, there will be common discussions and case studies that focus on some practical aspects of the management and practice of cosmetic medicine. These activities will include 4 meeting delivered via teleconference.

After the first and second year of the Master and before presentation and defence of the thesis, the student must pass a face-to-face exam on the fundamental content of the program of studies. At the end of the Master, the student must present and discuss her or his Master’s thesis, as one of the requirements to earn the degree.

At the end of the program, participants will receive the two-year university level two Master degree.

THE MASTER PROGRAM VENUE

Frontal teaching activities and internship will be realized in Rome at the Foundation Centro Internazionale Radio Medico (C.I.R.M).

ADMISSION REQUIREMENTS
The Master is open to applicants who are employed, unemployed, or have never been employed, and who have a degree in Medicine and Surgery or Dentistry, earned in at least five year program, a license for medical practice and membership in the appropriate professional registers or, for foreigners, equivalent organization.

All participants in the Master must have the computer skills and familiarity with internet use needed to follow the interactive e-learning lessons. They must have a multi-media personal computer with broadband service, and possess sufficient knowledge of English to the courses which is delivered in English.

Candidates graduated outside Italy and having obtained a qualification comparable in level, nature and content and academic rights to the Italian title required for access to the Course may apply for enrollment. For recognition of the graduation title, the University of Camerino will refer to the current legislation regulating the subject, but registration should be evaluated by the Master's Scientific Committee for assessing the compliance of it. In particular

a) The student’s affairs office will check administrative aspects of the studies curriculum;

b) The Scientific Council of the Master will assess the compliance of the curriculum of studies with the admission requirements.

Candidates graduated abroad should also provide

Original degree diploma translated and legalized;

a) Declaration of value;

b) Diploma supplement certificate or if not available certificate of exams passed, translated and legalized.

Enrolment in the Master is not possible for those who in this academic year are already enrolled in an undergraduate, master, specialization, or doctoral degree program, or another course involving a year-long commitment (Legge 270/04, art. 5, c. 2).
