Considering the accreditation procedure for PhD programs of Cycle XLII, which the Ministry of University and Research communicated on May 14, 2026, with a positive outcome for the UNICAM PhD programs submitted for Cycle XLII;

Considering that subject to the conditions to proceed, and to the availability of further funding for the XLII PhD cycle, additional scholarships and/or PhD positions without scholarship may be provided;

With regard to the Decree of the Director of the Education, Social Innovation and Sport sector No. 163/IISPOf 10/08/2026. PR Marche FSE+ 2021-2027 Axis 4 OS 4a DGR No. 1027/2026. Public Notice for the assignment of innovative PhD research scholarships with industrial characterisation, academic year 2026/2027 (Cycle XLII) and its related documents;

With regard to the results of the Public Notice referred to in the preceding point, pending the fulfillment of the provisions outlined in said Notice, under which 7 additional scholarships aimed at these Funds were awarded to UNICAM—in addition to the calls for applications already issued for Cycle XLII through Rectoral Decrees No. 49985 of June 23, 2026, and No. 60824 of July 21, 2026 (1st Session Calls for Applications);

With regard to the meeting of the SAS Board of September 15, 2026, during which the preparatory aspects for the issuance of this call for applications were approved as a matter of urgency and with immediate effect, within its area of competence;

With regard to the Regulations of the School of Advanced Studies, issued with Rector's Decree No. 168/2022;

With regard to the Regulations on PhD Programmes, issued with Rector's Decree No. 215/2025;

Considering it necessary to proceed with the urgent issuance of the Call for Applications referred to in the subject, without prejudice to the premises set out herein;

DECREES

Art. 1 – SELECTION OF CANDIDATES FOR PhD PROGRAMMES – 2nd Session

Public selection procedure for admission to the XLII cycle (a.y. 2026/27) of PhD programmes, activated by the *School of Advanced Studies* - International Doctoral School of the University of Camerino (henceforth referred to as SAS), unique for EU and non-EU citizens, is hereby launched for all non-associated PhD courses at the University of Camerino.

This session of the Call for Applications relates exclusively to 6 PhD scholarships funded within the PhD Courses covered by this Call by the Public Notice for the assignment of innovative PhD research scholarships with industrial characterization, A.Y. 2026/2027 (Cycle XLII), issued by the Marche Region with Decree of the

Non-associated PhD Programmes of the University of Camerino (UNICAM)
Call for applications 2026 – 2nd Session
Cycle XLII – Academic Year 2026-27

Applications are now open for innovative PhD research scholarships with industrial characterization, A.Y. 2026/2027 (Cycle XLII), funded under the Public Notice issued by the Marche Region with Decree of the Head of the Education, Social Innovation and Sports Sector No. 163/IISP of 10/08/2026. PR Marche FSE+ 2021-2027 Axis 4 SO 4a DGR No. 1027/2026.

*Applications must be sent **by 1.00 pm CEST (Italian time zone) on 22 October 2026.***

APPROXIMATE TIMELINE

The selection procedure comprises the following main steps (timing is purely provisional):

1 – (From the date of publication to October 22, 2026) Call launching – Selection procedure: candidates must submit the Application form through website: <https://pica.cineca.it/unicam/phd42reg/domande> **by 1:00 p.m. (Italian time) on 22 October 2026.** In particular, they must present their identity document, Curriculum vitae, a short hypothetical research project, letters of reference (up to three), a letter of motivation (statement of purpose), and choose, in order of preference, the PhD Course of interest among those proposed by UNICAM, with reference to the available Topics. A detailed description of each topic will be available in **Annex 1** to the Call; it will be the exclusive responsibility of the candidate to verify any update to the procedure set out in this Call for Applications via the official link (University institutional website, "Bandi" section).

Each candidate must submit an application for admission to each PhD course of interest, up to a maximum of 3 applications.

2 – (by October 26, 2026) Verification of eligibility requirements and evaluation of CVs – UNICAM appoints an Evaluation Committee for the whole selection procedure. A shortlist of the candidates who are admitted / admitted "subject to confirmation" to the second stage of the selection procedure is published. The interview calendar is established and published. In the meantime, further eligibility checks may be carried out if necessary.

3 – (by October 26 or 27, 2026) The second phase of the evaluation procedure is carried out: the candidates admitted or admitted "subject to confirmation" will have to undergo remote oral interviews according to the published calendar.

Within the specific funding framework of this Call for Applications, in addition to the standard requirements, the awarded PhD student is required in particular to:

- carry out a period of mobility abroad ranging from a minimum of 3 months to a maximum of 6 months;
- not be enrolled simultaneously in other university courses;
- not benefit, for the same period and in relation to the same activities or costs covered by the PhD scholarship, from other incompatible public or private funding, in compliance with the prohibition of double funding pursuant to Article 63 of Regulation (EU) No 2021/1060;
- develop the research project over the three-year period, following the indications of the academic supervisors;
- prepare a report on the research project carried out at the end of each year, to be submitted to the University and countersigned by the academic supervisor, aimed at the continuation of the activity;
- comply, within their area of competence, with the rules laid down in the Public Notice issued by the Marche Region with Decree of the Head of the Education, Social Innovation and Sports Sector No. 163/IISP of 10/08/2026. PR Marche FSE+ 2021-2027 Axis 4 SO 4a DGR No. 1027/2026.

Without prejudice to the full-time commitment and the requirements provided for in the Funding Programme, work activities, including paid ones, concerning practical professional training or limited external work activity that allows the acquisition of skills relating to the formative field of the PhD Programme, are also compatible with the PhD Programme, subject to approval by the Scientific Board of the PhD Programme and authorization by the SAS Board.

Art.4 CAREER, RIGHTS AND DUTIES OF PhD STUDENTS

The rights and responsibilities of PhD students and the requirements for obtaining the degree ("Dottore di ricerca" or "PhD") are outlined in the UNICAM Regulations for PhD Programmes and the acts issued with Rector's Decree No. 215/2025, available at: <https://www.unicam.it/ateneo/regolamenti> (SECTION "Regulations of general interest").

Concurrent enrollment in two higher education courses is regulated by Law No. 33/2022 and implementing decrees.

UNICAM and its partners (in case of PhD Programs carried out in partnership with further Institutions) may support non-EU students in finding an accommodation, limited to rooms/apartments that are available in the University college at the time the PhD students arrive in Italy.

Before commencing their activities within their respective PhD programme, PhD candidates must hold valid health insurance coverage, either through registration with the Italian National Health Service (Sistema Sanitario Nazionale - SSN) or via a private insurance policy.

For non-EU PhD candidates: applicants may, independently and at their own expense, register with the National Health Service or, alternatively, take out private insurance policies that meet at least the minimum criteria required by the competent Authorities for the issuance of a post-graduate student visa.

Proof of health/insurance coverage can be provided to the relevant Office, upon request, by submitting a copy of their EHIC (European Health Insurance Card) with a validity period compatible with the PhD programme, or by providing annual receipts of registration/renewal with the National Health Service, or by providing annual receipts of purchase/renewal of a private health insurance policy along with its general terms and conditions.

All PhD candidates benefit from accident and civil liability insurance coverage provided by the University for the entire duration of the programme, solely for activities related to the PhD course, in accordance with the terms offered by the relevant insurance companies.

In the event of an invention made by the PhD candidate within the scope of the university research activity, the University Regulations on intellectual property and patents shall generally apply.

Art. 5 SCHOLARSHIPS AND RESEARCH BUDGET

* **The gross amount of the scholarships** (including taxes paid by the recipient) is approximately €1.353 per month, and approximately **€16.243 per year** (based on a duration of 3 years). Please note that these amounts may slightly vary in the event of any further updates by the National Authorities.

* For all PhD students who are entitled to it under current national legislation, for periods of stay and residence abroad (so-called "mobility abroad"), additional funding is guaranteed corresponding to an increase of no less than 50% of the amount of the scholarship.

* Each PhD student, with or without scholarship or other forms of support, **has a budget for research activity** in Italy or abroad of at least **€4.872,90** during the three-year course and in accordance with the rules established by Italian law, regulations and UNICAM guidelines.

The scholarship is paid to the PhD candidate in monthly installments in arrears (each installment is paid the following month) and only after the enrollment procedure has been fully finalized. The payment of the scholarship requires the PhD candidate to hold an Italian Tax Code (Codice Fiscale) and a suitable Italian or online bank account.

The accrual of the scholarships begins on the official start date of the PhD programmes, which is November 1, 2026.

In general, PhD students can be recipients of a scholarship if the maximum amount of annual emoluments does not exceed the annual amount of the scholarship (gross cost of recipient, currently set by the Ministry at €16,243,00 per year).

For the benefit of the scholarship, PhD students avail themselves of the faculty of self-certification to be referred to the tax period coinciding with the calendar year in which the scholarship is actually paid.

This communication must be sent to the SAS offices (dottorato@unicam.it) no later than 31 July of each year. The university administration may carry out checks on the veracity of the aforementioned self-certifications.

In the event that the annual emoluments of the PhD student with scholarship, during the course of the PhD programme (with the exception of the year of issue of the Call) exceed the annual above-mentioned amount of €16,243.00 of the scholarship net of charges, the PhD student shall forfeit the receipt of the scholarship, with the obligation to repay the amount already received in the reference calendar year.

For the purposes of determining the limit of emoluments referred to in the previous paragraphs, the taxable income resulting from certification or tax return deriving from work services is taken into consideration.

Anyone who, even partially, has benefited from a scholarship for a PhD programme, cannot ask to benefit from it a second time.

Scholarships cannot be combined with other scholarships conferred for any reason, except with those granted by national or foreign institutions aimed at supporting stays abroad for the purposes of training or research activity of PhD students.; in the case of scholarships or positions funded under specific programmes or agreements, also in terms of compatibility, the specific rules of the programme or agreement must be taken into account.

Art. 6 FEES FOR ACCESS AND ATTENDANCE TO PhD PROGRAMMES

The annual fees for accessing PhD programs and attending them will be specified in the Manifesto of Studies, available under "University Fees". The Manifesto of Studies will be approved by the Academic Bodies and published on the university's official website.

Candidates who are admitted to the PhD programs are required to pay the regional tax for the right to university study, amounting to €140, as well as a stamp duty of €16, which is paid electronically.

Art. 7 APPLICATION FOR PARTICIPATION IN THE SELECTION PROCEDURE

The application for participation in the selection procedure must be filled out **exclusively** (under penalty of exclusion from the selection procedure/admission) on the format accessible from the website <https://pica.cineca.it/unicam/phd42reg/domande> by **October 22, 2026, at 1:00 p.m. (Italian time)**. Only applications that are submitted within the specified deadline will be considered.

Each candidate must submit an application for admission to each PhD Programme of interest, up to a maximum of 3 applications.

For each application, the candidate must pay a non-refundable fee of € 20,00 in accordance with the instructions of the online procedure, under penalty of exclusion. The payment must be made, under penalty of exclusion, by the aforementioned deadline of this call. Under no circumstances will the fee be refunded.

Candidates are advised to submit their application for the selection procedure well in advance of the deadline stated in this Call.

It is the candidates' responsibility to verify the sequence of actions required to submit their application on the portal and to ensure the correct completion of the online procedure.

Please note that no complaints will be accepted for any computer system malfunctions that may occur due to high traffic or overload near the deadline.

The University administration cannot be held responsible for any failure to receive documentation due to third-party liability or technical issues.

The guidelines for using the online portal will be made available at the website <https://www.unicam.it/ateneo/bandi>.

Applicants are required to register using the following link: <https://pica.cineca.it/unicam/phd42reg/domande>

Once registered, applicants will receive their login details for the portal. The application can then be submitted through the portal.

The mandatory language for filling out the application is English.

What information and documents are needed during the first step of the selection procedure:

- Personal data;
- Valid identity document;
- (only for candidates to whom this case applies) residence permit;

- Choice of PhD programme of interest;
- Choice, in order of preference, of a maximum of 2 Research Topics (if available in the PhD programme of interest) among those proposed by UNICAM belonging to the same PhD Programme;
- Short hypothetical research project in English, consistent with the topic of interest, which will be used exclusively for evaluation purposes and will be binding for any research activities that may be carried out during the PhD course;
- Statement of purpose: in English or Italian, specifying: the reasons for enrolling in a PhD programme at Unicam; consistency with the candidate's academic career; research interests; research ideas for future projects; any experience gained during the completion of the degree thesis;
- Final statements.

The application may also include the name of up to 3 contact persons (presenters), i.e. professors/researchers, who are considered capable of supporting the application by completing the reference form; if there are names, the presenters will be sent a request via email to provide a letter of introduction. The letter of introduction must be received **by October 23, 2026 at 1:00 p.m.** (Italian time). It is also strongly recommended for the purposes of evaluating the application.

Art.8 TOPIC OF THE CALL OF APPLICATION

In relation to the research fields linked for A.Y. 2026/2027 to the PhD programmes and curricula under this Call for Applications, and based on the results of the Public Notice under which the scholarships provided herein are funded, specific research topics have been defined for the three-year research projects to be carried out by the PhD students.

A detailed description of each topic, with any reference to the relevant Topic/Research field, will be available in **Annex 1** to the Call; it will be the exclusive responsibility of the candidate to verify any updates of the documentation referred to in this Notice, including in relation to the Annexes, which may be supplemented as needed, on an urgent basis, also via a Notice posted at the official link of the Call for Applications (University institutional website, "Bandi" section).

Art. 9 REQUIREMENTS FOR ADMISSION TO THE COMPETITION

In general, Italian and foreign citizens in possession of a specialization/master's degree or similar university qualification recognised as suitable by the academic authorities, on the basis of laws and regulations in force, may submit an application to participate in the competition for admission to PhD Programmes, without discrimination as regards gender, age, religion, nationality, sexual orientation, political opinions, socioeconomic conditions, and disabilities.

Regarding the educational qualification required for admission to the PhD programs, reference is also made to Ministerial Decree (MUR) no. 226/2021 and the Marche Region's public notice —under which the scholarships covered by this Call are funded — as also highlighted in the following paragraph.

For the purposes of this Call for Applications, pursuant to the Public Notice under which the scholarships provided herein are funded, additional candidate requirements apply, as listed below in this paragraph:

Recipients of the scholarships are graduates who, as of the date of submission of the application to participate in the Public Notice issued by the University for the selection of PhD students, are classified under current legislation as inactive, unattached, or unemployed, are resident in the Marche Region or domiciled in the regional territory for at least 6 months, and are under 36 years of age. All requirements must be held as of that same date. All requirements must be held at the time of application submission.

Candidates who have obtained the academic qualification abroad must present, for the purposes of enrolment, the Certificate of Comparability and Verification of the foreign university qualification issued by the [centro ENIC-NARIC in Italia \(CIMEA\)](#)¹ or, alternatively, the Declaration of Value issued by the Italian Embassy in the country where the qualification was issued. The documents must contain all the information necessary for the evaluation of the qualification.

In the Declaration of Value, it must be specified that the qualification that allows access to PhD Programmes on site has been obtained after 17 years of education, and that it satisfies the academic requirements for access to third cycle courses in the issuing country. The Declaration of Value or the CIMEA Comparability and Verification Certificate must be issued by **31 October 2026** and sent to Unicam, via email, to dottorato@unicam.it, by the same deadline, under penalty of forfeiture and exclusion from the PhD programme.

Candidates who have obtained the academic qualification abroad are also required to submit:

1. First-cycle diploma or degree certificate - level 6 E.Q.F. (e.g., Bachelor's Degree), if this qualification was obtained abroad, and second-cycle diploma or degree certificate - level 7 E.Q.F. (e.g. Master's Degree) that gives access to the PhD programme in the country of origin. These qualifications must have been issued by an officially recognised academic institution, indicating the date of achievement of the qualification and, where available, the final grade;

¹ If the qualification has been issued in a country that is a signatory to the Lisbon Convention, the certificate of comparability of qualifications can be downloaded independently and free of charge via ARDI – Automatic Recognition Database Italy. (*check the type of certificate needed on the Cimea website). In any case, the verification certificate must be requested from the ENIC NARIC (CIMEA) centre.

2. Certificate of the exams (Transcripts) taken during the first- and second-cycle university course, with the relevant grade.

These documents, if not already produced in English, their official translation into Italian, and certified as compliant with the original either by the University that issued them or by the competent Italian representations or by subjects recognised by the competent Italian representations according to the provisions in force.

This documentation must be presented **by October 31, 2026** in an original copy to formalize enrolment; UNICAM cannot guarantee that the enrolment of PhD students will be carried out if the required documents are missing or provided late.

If the qualification has not already been recognised, the Scientific Board of the relevant PhD Programme and the SAS Board will decide and declare its equivalence, solely for the purpose of admission to the PhD Programme, after having carried out the appropriate checks, and on the basis of the laws and regulations in force.

Art. 10 CANDIDATES EVALUATION CRITERIA

The Selection Committee and possible sub-commissions are appointed in accordance with current laws, as well as the Unicam Regulation in force.

The names of Committee members will be made public at <https://www.unicam.it/ateneo/bandi>.

The first phase of the evaluation will consist of subjecting the hypothetical research project, referred to in article 7 of this Notice, to analysis for the detection of any infringements attributable to plagiarism; if the analysis reveals this type of infringement, the responsible candidate will be excluded from the procedure.

On the basis of the documentation produced by the candidates, in particular the research project hypothesis, the Selection Committee will carry out its evaluation in accordance with the provisions of the *European Framework for Research Careers* for the R1 profile “*First stage researchers*”, that is:

- ability to conduct original research under the guidance of supervisors;
- ambition to develop knowledge of research-related methodologies and disciplines;
- good knowledge of the research area in which they intend to develop their thesis;
- ability to produce data under the guidance of supervisors;
- critical ability, analysis, evaluation, and synthesis of new and complex ideas;
- ability to illustrate research results and their meaning.

When preparing the short list of suitable candidates, the Selection Committee will also take into account any specific criteria indicated in relation to Research Topic, the candidate's CV, with particular reference to the degree grade, other qualifications, scientific publications and conference presentations, prizes and awards. Any letters of presentation from the presenters and the statement of purpose will also be evaluated.

At the end of the evaluation process, the Selection Committee prepares the shortlist by Curriculum subdivided by Research Topic, of the eligible candidates admitted or admitted "subject to confirmation" to the second phase of the evaluation procedure, which consists of the interviews. If candidates are identified with profiles suited to a curriculum not chosen by them, the Committee will have the right to assign a Research Topic different from that indicated by the candidate.

The suitable candidates, listed in the short list, will be allowed to participate in the second phase of the evaluation procedure and will be invited to an interview or interviews to produce the final ranking for Research Topic.

Oral interviews are strictly scheduled for October 26 and/or 27, 2026; schedules and virtual classrooms of the interviews and any corrections will be published on the website <https://www.unicam.it/ateneo/bandi>. This publication has the value of official notification for all legal purposes; therefore, candidates will not receive any personal communication regarding the invitations for the interviews.

The interview dates cannot be postponed on the basis of the needs of the candidates.

The interviews will preferably be conducted in English, remotely.

In this case, as well, for the evaluation, reference will be made to the provisions of the *European Framework for Research Careers* for the R1 profile (*First-stage researchers*).

The shortlist of suitable candidates and the interview calendar will be published on the Unicom institutional website: <https://www.unicam.it/ateneo/bandi>.

In the meantime, further eligibility checks may be carried out if necessary.

Only upon request, excluded candidates will be sent a summary assessment of their performance drawn up by the Selection Committee.

- will be in decreasing order of score and, in case of equal scores, the youngest age will be considered. In case of further equal scores, the less represented gender will be considered;

- will report as many ranking lists as there are Research Topic, based on the evaluation of the relevant Selection Committee.

The final ranking lists will be published on the University institutional website <https://www.unicam.it/ateneo/bandi>. The publication of the results on the indicated website has the value of official communication to the interested parties, who are required to constantly consult the website without the need for further notices; however, communications may occur from the reference office (dottorato@unicam.it) to facilitate or further clarify any specifics of this phase.

The positions or scholarships must be accepted by the assignees **by October 31, 2026**.

In case of express or tacit renunciation of the position, the ranking list may be scrolled down until all available positions are filled. This scrolling process must be concluded within an appropriate deadline pursuant to the Public Notice under which the scholarships corresponding to this Call for Applications are funded.

Only upon request, excluded candidates will be sent a summary assessment of their performance drawn up by the relevant Selection Committee.

Participants in the selection will have 30 days to submit any complaints to the email address: dottorato@unicam.it. These will be sent to the University Manager for the prevention of corruption and transparency who, in collaboration with the Student Ombudsman, will examine and respond to the issues submitted to him/her, within 30 days following the submission of the complaint. Generic and unsubstantiated complaints will not be examined.

The scholarships and positions will be assigned according to the selection procedure indicated in this Notice, until the positions and scholarships made available in the Notice are allocated. UNICAM reserves the right not to assign or to assign further scholarships/positions made available, even in the event of a candidate's withdrawal, by scrolling through the ranking lists in the established order. The scholarships will then be confirmed annually by the SAS Board, following verification of the activities carried out by the PhD student in the previous year by the Teaching Committee of the relevant PhD Course.

Art. 12 AFTER THE PUBLICATION OF THE RANKING LIST

Admitted candidates must accept the scholarship as indicated in Art. 11 by submitting the appropriate form. The form will be made available via email to selected candidates, via the email address dottorato@unicam.it.

Once the selection procedure tests have been completed, and after acceptance by the PhD student, the Rector's decrees of appointment will be issued.

Non-EU candidates must meet the specific admission requirements of this Call for Applications and be able to produce, by October 31, 2026, for enrolment purposes, the documents and authorisations necessary to reside in Italy to attend the PhD programme in person starting November 1, 2026.

All candidates must also:

- Submit the application for enrolment, exclusively online through the appropriate section on the University website, where all the necessary information is published. Enrolment is considered regularly closed and therefore accepted when the entire online procedure has been completed, all the required fees have been paid, and the required attachments have been uploaded;
- Start their PhD programme on 1 November 2026;
- Provide an Italian/online bank account for payments relating to the scholarship (must be in the name of the PhD student);
- Participate in a safety training course before starting the research activity and undergo a mandatory medical check-up;
- (foreign PhD students) must register with the Italian National Health Service and renew the registration every year, at their own expense (or, alternatively, take out the insurance policy referred to in Art. 4 of this call for applications and renew it annually, entirely at their own expense), promptly notifying dottorato@unicam.it. Such registration (or policy stipulation) is a prerequisite for participating in the PhD programme;
- Register at the portal of the Ministry of University and Research: <https://loginmiur.cineca.it/front.php/login.html>;
- Register autonomously with a separate Italian national insurance and pension scheme (only the scholarship recipients) meaning "Gestione separata INPS".

Art. 13 PROCESSING OF PERSONAL DATA

The University of Camerino (UNICAM), as Data Controller, informs candidates that the processing of personal data provided during participation in the selection or otherwise acquired for this purpose is carried out in compliance with EU Regulation 2016/679 (GDPR) and current national legislation. The data is collected and processed exclusively for the completion of selective procedures, for the management of subsequent university careers and for institutional reporting activities linked to scholarships/phd positions' funding. The processing is necessary for the fulfillment of a legal obligation to which the Data Controller is subject (Art. 6, par. 1, letter c of the GDPR) and for the execution of a task of public interest (Art. 6, par. 1, letter e of the GDPR). The provision of data is mandatory for the evaluation of participation requirements.
